

Join REEValue

Reduce Costs, Increase Energy Independence

REEValue will provide free technical and project expertise to enable a group of companies on the same Value Chain to achieve a high energy performance collaboratively

Unlock greater energy savings

- We'll help you identify areas where your business can **significantly reduce energy & costs**
- Join a community of committed businesses to **share best practices and accelerate progress**
- We'll guide you and others within your value chain to achieve **long-term energy performance goals**

Why join?

Save money & decarbonise your value chain.

Lead the way. Increase EU energy security while promoting business sustainability.

Your REEValue journey

You will be supported by our REEValue team, a European green mentor and national & international energy experts. You will be invited to a series of in person and remote workshops:
